

CURRICULUM VITAE  
JOHN CLAUDE KRUSZ, Ph.D., MD  
5446 Glen Lakes Drive, Dallas, Texas 75231

Summary

Dr Krusz has an undergraduate degree in pharmacy (B.S.) and was a Registered Pharmacist (R. Ph.), practicing in this field part-time, until the end of his medical studies. Following undergraduate training, he completed graduate studies in neuropharmacology (Ph.D.). He then completed a 2-year post-doctoral research fellowship in geriatric neuropharmacology, receiving several academic and teaching appointments, together with consulting activity in advertising, as he completed his medical studies (MD), with specialized training in neurology.

Since 1987, Dr Krusz has been in private practice in Dallas with major clinical interests in the evaluation and treatment of pain and headache disorders, and with a special focus in the field of brain injury, and neuropsychiatry/neurobehavioral disorders. He is the medical director of Anodyne Headache and PainCare, a multidisciplinary clinic in North Dallas. He has been actively engaged in clinical research projects, particularly in new uses for available medications for headache, pain, cognitive enhancement and mood. He is active in numerous organizations and, most recently was elected Vice-President of the American Board of Electroencephalography and Neurophysiology (ABEN). This organization administers specialized board exams in the field of EEG. Most recently, he has been appointed to the Board of directors of the Texas Pain Society. He is board certified in Headache Medicine and was part of the first class of certification.

Dr Krusz has a strong interest in the evaluation of brain disorders using EEG and other techniques such as neuropsychological cognitive testing, combined with PET/SPECT scan techniques. He is also very interested in aggressive IV treatment of pain and headache flare-ups in the outpatient clinic setting, and has developed protocols for such treatment using new IV formulations of existing oral medications. Additional interests include novel administration technique for treating patients with botulinum toxins.

**Personal:**

Born in LaCourtine, France on March 7, 1946. Citizenship: United States.

**Education:**

*Medical Degree*

M. D. Doctor of Medicine, Buffalo School of Medicine,  
State University of New York at Buffalo, New York; 1981 - 1983

*Pharmacology and Science Degrees*

Ph.D. (Pharmacology), State University of New York, Downstate Medical Center,  
Department of Pharmacology, Brooklyn, New York 1975.

B. S. Bachelor of Science in Pharmacy, St. John's University College of Pharmacy,  
Jamaica, New York; 1963 - 1969

*Language Training*

French Dartmouth College, Rassias Foundation Studies in French Language, Hanover,  
New Hampshire; 1979

**Internship, Residency, and Further Studies**

auspices of the C.I.M.E. Program.
- 1976 Georgetown University School of Medicine, Department of Anatomy Summer  
Program, Washington, D.C
- 1972 Vanderbilt University School of Medicine, Department of Pharmacology,  
Summer Program in Neuropsychopharmacology (ASPET sponsorship),  
Nashville, Tennessee.

### **Clinical Licenses**

Licensed to practice medicine in Texas and New York.  
(N.Y. License currently inactive)

### **Board Certifications:**

UCNF Board Certification in Headache Medicine (1st group)

Diplomate, American Board of Neurology and Psychiatry.

American Board of Electroencephalography and Neurophysiology (Board Certification in EEG).

Board Certification in Pain Management (American Academy of Pain Management).

Board Certification in Quantitative Electroencephalography (American Board of Electroencephalography and Neurophysiology)

Diplomate, American Board of Forensic Examiners

Diplomate, American Board of Forensic Medicine

### **Military Service:**

1971 – 1983      Captain; Biochemist, New York National Guard, 825th Medical Laboratory, Brooklyn, New York.

### **Professional Positions, Appointments, and Clinical Experience:**

1987- Present      Private practice Neurology, Dallas, Texas. Medical Director, Anodyne Headache and PainCare

1996 - Present      Adjunct Faculty, Department of Psychology, Southern Methodist University

1987 - 1990      Consultant, New Medico Head Injury Systems.

1986 - 1987      Adult ambulatory medicine physician, part-time, Brookdale Hospital Medical Center, Brooklyn, New York.

1986 - 1987      Medical attending physician, part-time, Kings County Hospital, Forensic Unit of G Building, Brooklyn, New York (Psychiatric Hospital).

**Honors:**

New York State Regents Scholarship

Deans Honor List, 3 years, St. John's University

Eli Lilly Achievement Award

Phi Delta Chi Award for Extracurricular Activities

1994 Tom Dean Humanitarian Award, Brain Injury Association of Texas

1995 and re-awarded 1999 American Academy of Pain Management Attendance Award

2003 Texas Psychological Association Clinician of the Year Award

2005 Award for Innovative Research, Allergan Laboratories

**Research Experience:**

**Graduate:**

(State University of New York, Downstate Medical Center, Department of Pharmacology)

Assay of glucuronyl transferase activity in rat liver.

Effects of opiates on tissue culture preparation.

Studies of the effects of drugs on neuromuscular transmission in guinea pigs *vas deferens*.

Ph.D. thesis research on "Occurrence and experimental alterations of endogenous 5-hydroxytryptamine in peripheral sympathetically-innervated organs." (Under direction of Dr. Arun Wakade, Associate Professor, Department of Pharmacology, SUNY, Downstate Medical Center). Chairman of Department was Professor Robert F Furchgott (Nobel Laureate-1998)

Post-Doctoral: (Medical College of Pennsylvania, Department of Pharmacology)

Evaluation of the role of taurine in various brain areas, especially the pineal gland.

Development of assay system for taurine using high-pressure liquid chromatography.

Investigation of the role of taurine in the proliferation of leukemia's.

Clinical evaluation of endotracheal epinephrine in models of anaphylactic shock.

Surgical and pharmacological studies of the mode of action of bretylium.

**Undergraduate:**

(St. John's University)

Behavioral correlates of acute marihuana toxicity.

Gas chromatographic analysis of active principles from digitalis and belladonna species.

Synthesis of polypeptides with anticholinesterase activity.

**Current Research:**

- 2008 MAP0004-CL-P301 A Randomized, Double-Blind, Placebo-Controlled, Parallel-Group Study of MAP0004 (Tempo DHE) in Adult Migraineurs for a Single Migraine Followed by Open Label Extension to 26/52 Weeks- *Map*
- 2008 A Randomized, Double-blind, Double-dummy, Placebo-controlled, Crossover Study to Evaluate the Efficacy of TREXIMA versus Butalbital-containing Combination Medications (BCM) for the Acute Treatment of Migraine when administered during the Moderate-Severe Pain Phase of the Migraine Study- *GlaxoSmithKline*
- 2007 Multi-centre, Parallel Group, Double-Blind, Placebo Controlled, Dose Ranging Study of the efficacy and Tolerability of Tonabersat in the Prophylaxis of Migraine Headache and Open Label Extension-*Minister Pharma*
- 2007 Evaluation of the Efficacy of Naratriptan for the Prevention and Treatment of post traumatic Headache Associated with Cognitive Dysfunction- *GlaxoSmithKline*
- 2007 A Multicenter Retrospective Chart Review of Adult Patients Treated with MYOBLOC® for Spasticity-*Solstice*
- 2006 Double-Blinded, placebo-controlled trial of efficacy and safety of intra-dermal botulinum toxin, type A (BOTOX®™) in the relief of pain associated with carpal tunnel syndrome- *Allergan*
- 2006 A study of Combination Product (sumatriptan succinate and naproxen sodium) in Migraine Subjects Who Report Poor Response or Intolerance to Short acting Triptans (Study 1 of 2)- *GlaxoSmithKline*
- 2005 Donepezil (Aricept®) for Mild Cognitive Difficulties (MCD) After Traumatic Brain Injury (TBI)- *Eisai*
- 2005 A Randomized, Double- Blind, Placebo Controlled, Two-Period, Crossover Study to Explore Safety and Preliminary Efficacy of Oral MK-0759 in the Treatment of Post herpetic Neuralgia. - *Merck*

- 2005 A multicenter, randomized, double-blind, placebo-v controlled, parallel group study to evaluate the safety and efficacy of Lamotrigine 200-400 mg/day compared with placebo in subjects with painful diabetic neuropathy (*GlaxoSmithKline NPP101982*)
- 2005 A Randomized, Double- Blind, Placebo-Controlled, Multi-Center, Parallel-Group Study To evaluate the Efficacy and Safety of E2007 in Migraine Prophylaxis- *Eisai*
- 2005 Divalproex Sodium Extended-Release Tablets for Migraine Prophylaxis in Adolescents: An Open-Label, Long-Term Safety Study- *Abbott Laboratories*
- 2005 A Randomized, open-label, parallel design trial to compare time to response in the symptoms of anxiety to concomitant treatment with Niravam and an SSRI or SSNRI to treatment with an SSRI or SNRI a line in subjects with Generalized Anxiety Disorder or Panic Disorder- *Schwarz Pharma*
- 2005 Frovatriptan (Frova™) Perimenstrual Migraine Headache Study- *ENDO Laboratories*
- 2005 A multicenter study evaluating the efficacy and safety of Botox (Botulinum Toxin Type A) Purified Neuroxin Complex as headache Prophylaxis in Migraine Patients with 15 or more Headache Days per 4-week period in a 24 week, Double-blind, Randomized, Placebo-Controlled, Parallel-Group Phase Followed by a 32-Week Open-Label Extension Phase- *Allergan*
- 2005 Regimen of Eszopiclone Sleep Satisfaction Trial (RESST®) *Sepracor*
- 2003 Double-blind trial of botulinum toxin, type B, in headaches of cervical origin *Elan Pharmaceuticals*
- 2002 Oxcarbazepine in migraine headaches (double blind) *Novartis*
- 2002 TOPMAT MIG001 (Double-blind investigation of topiramate in migraine headaches) (Ortho-McNeil)
- 2002 Morphidex Study (Endo Laboratories) with nTouch Res
- 2001 MIND Study-Myobloc –Open-label use of botulinum toxin, type B, for various disorders *Elan Pharmaceuticals*
- 2001 International Registry KIMS study *Pharmacia*
- 2001 Sumatriptan IMPRESS study *Glaxo Smith Kline Co*
- 2001 Cranial Electrotherapy Stimulation trial (double-blind)
- 2001 Topiramate (Double blind) study in migraine (RWJPRI) (TOMAT-MIGR001 Protocol *Ortho-McNeil*
- 2001 Zolmitriptan in High Disability Patient Care: An Early Intervention Trial (ZODIAC study) Trial # 311CIL/0111 *Astra Zeneca*
- 1999-2001 MAPS, MAPS II and MAPS III Studies with Rizatriptan *Merck Co*

- 1999-2001 Sumatriptan/Naratriptan migraine recurrence study (with Dr. Robert B Nett, San Antonio) (investigator-initiated study supported by *Glaxo Wellcome*)
- 1999-2000 Study with Naratriptan for migraine preference (ClinVes Migraine Headache Therapy: Imitrex tablets versus Current Non-triptan Therapy (IMPACT Study) *Glaxo Wellcome* Protocol #SUM40260)
- 1999 Tramadol (Ultram) in low back pain - clinical trial *Ortho-McNeil*
- 1999 TARGET study - clinical trial with Lamotrigine in seizures *Glaxo Wellcome*
- 1998 Pregabalin in low back pain – Phase III double blind clinical trial *Parke-Davis*
- 1998 Pregabalin in seizures- clinical trial *Parke-Davis*
- 1998 OxyContin in low back pain - clinical trial *Purdue-Pharma*
- 1997 T.R.A.I.T.S. study - clinical trial of topiramate in epilepsy *Ortho-McNeil Co*
- 1995 A.L.E.R.T. (Adjunctive Lamictal in Epilepsy and Response to Treatment) *Burroughs-Wellcome*
- 1995 Neurontin - Clinical trial *Parke-Davis Co*
- 1994 Clinical trial of felbamate in epilepsy.
- 1989 to 1991 Evaluation of sumatriptan in migraine headaches, Phase III Clinical Trial *Glaxo Laboratories*. Tablet study
- 1994 Evaluation of sumatriptan in migraine headaches, Phase III trial (suppository form) *Glaxo Laboratories*
