MEETING BENEFITS

WHY ATTEND?

NOTABLE PAIN MEDICINE SPECIFIC CME

Presentations will be focus on the most current research and findings in pain medicine. Earn up to 16.25 AMA credits and 6.25 hours of ethics in one weekend from distinguished state and national speakers.

HOT NEW IDEAS FROM EXHIBITORS

Join the fun and excitement in the Exhibit Hall where physicians have the opportunity to learn about new pharmaceuticals, devices, labs, products and services in pain medicine. Take time to meet the leaders in the industry, review new opportunities and network with others in the field. Remember to take a moment to say thank you to all exhibitors for helping to make this meeting possible!

LEARN MORE ABOUT TPS AND BECOME INVOLVED!

Meet new colleagues or reunite with old friends from across the state and network about patients, billing and practice questions, legislative issues and more. Learn more about TPS and what your society does for your practice and pain medicine in Texas. Volunteer to join a committee and become involved.

WHO SHOULD ATTEND

If you are involved in the practice of pain medicine in Texas, you should plan to attend this one of a kind meeting and become a member of the TPS today!

PLEASE SEE THE REGISTRATION PAGE FOR SPECIAL CONFERENCE PRICING WHEN YOU JOIN TODAY!

GOALS AND OBJECTIVES

After completing this activity, participants should be able to:

- Describe recent updates from the prescription monitoring program, the Texas Medical Board, the Drug Enforcement Agency, the Centers for Disease Control, or the latest legislative session relevant to pain management.
- Discuss issues and case studies impacting Texas pain management physicians, including addiction, managing difficult patients, and nontherapeutic prescribing.
- Employ ethical strategies to increase practice viability.
- Explain the components of a patient psychological evaluation.
- Review pain diagnosis and treatment modalities including radio frequency procedures, imaging, lumbar disc decompression, use of ketamine, stem cell updates, neuromodulation technology, and pediatric or neuropathic pain.

LOCATION AND TRANSPORTATION DETAILS

HOTEL
